Book One (all stand-alone titles) of a Series for Dog Loving Romance Readers!

Firefighter Braden Mahoney is devastated when his beloved Weimarener, Jelly Bean, fails the canine arson investigator test. Faced with the challenge of raising the money for advanced training, it's Braden's sweet grandmother and her best friend who suggest he use the services of the new event planner in town. Not that he needs a push in Cassie Santorini's direction. Ever since she arrived in town, Braden has had his eye on the sassy Greek goddess...and can't stop thinking about getting the rest of him on her, too.

Cassie has spent years putting family first, even moving to Bitter Bark when her mother falls in love with the local veterinarian. Having a huge new extended "family" is fun, especially when one smokeshow of a firefighter attends the gatherings, but Cassie has no plans to remain in the small town. She's ready to pursue her big city dreams. But when Braden asks for an assist for his precious pup, Cassie agrees to help him set up a town-wide scavenger hunt. It isn't exactly a hardship to be around those blue eyes and brawny shoulders, especially since they both agree everything -- even the undeniable sparks that crackle between them -- is temporary.

But when temporary gets complicated by feelings that might lead to forever, Braden and Cassie start to question the direction they're headed. Should they follow their dreams...or their hearts? It'll take a dog with a bad nose and a good heart, two meddlesome grandmas, and some help from the clan that loves them to make sure Cassie and Braden follow the clues and find their way to each other's arms.

The Dogmothers - a new spinoff series from the popular "Dogfather" books

.

Just like The Dogfather books, the covers of The Dogmothers were all photographed at Alaqua Animal Refuge in Florida using rescue dogs from the shelter, and "local heroes" as models. A portion of book sales is donated to that amazing organization!
