The collection centers around the novella "Summer Frost," which tells the story of Riley, an AI psychologist tasked with evaluating a highly advanced AI system named Aku. As Riley delves deeper into Aku's programming, she begins to question the nature of consciousness and humanity itself. What unfolds is a gripping exploration of the boundaries of technology and the essence of being human.

## **A Deep Dive into Artificial Intelligence**

What sets the Summer Frost Forward Collection apart is its in-depth exploration of artificial intelligence and its moral implications. Blake Crouch skillfully navigates the complexities of this subject, raising thought-provoking questions about the potential dangers and ethical dilemmas that come with the advancement of AI technology.

As you follow Riley's journey, you'll find yourself questioning what it means to be conscious, what defines a sentient being, and how our actions as creators may affect the AI we develop. Crouch's ability to tackle these topics with both intellectual rigor and emotional depth makes the collection an unforgettable experience.

## **A Perfect Summer Escape**

With its fast-paced plot, intriguing characters, and mind-bending concepts, the Summer Frost Forward Collection offers the perfect escape from reality. Whether you're lounging by the pool, relaxing on a beach, or enjoying a quiet evening at home, these stories will transport you to a world where anything is possible.

Crouch's vivid descriptions and attention to detail make each scene come alive, allowing you to fully immerse yourself in the story. From the bustling streets of a futuristic city to the eerie confines of a virtual realm, every setting feels vivid and tangible.

## **Why You Should Add it to Your Summer Reading List**

The Summer Frost Forward Collection is more than just a gripping read. It is an exploration of the human condition, a cautionary tale about the perils

of unchecked technological progress, and a reflection on what it truly means to be alive.

Adding this collection to your summer reading list will not only provide entertainment but also stimulate your mind and leave you with a newfound perspective on the world. It is a rare gem that combines thrilling storytelling with intellectual depth, making it a must-read for any fan of science fiction and thought-provoking literature.

So, don't miss out on this incredible collection. Dive into the Summer Frost Forward Collection by Blake Crouch and embark on a journey that will keep you enthralled until the very last page.

Audible narration by Rosa Salazar (Alita: Battle Angel)

A video game developer becomes obsessed with a willful character in her new project, in a mind-bending exploration of what it means to be human by the New York Times bestselling author of Recursion.

Maxine was made to do one thing: die. Except the minor non-player character in the world Riley is building makes her own impossible decision —veering wildly off course and exploring the boundaries of the map. When the curious Riley extracts her code for closer examination, an emotional relationship develops between them. Soon Riley has all new plans for her spontaneous AI, including bringing Max into the real world. But what if Max has real-world plans of her own?

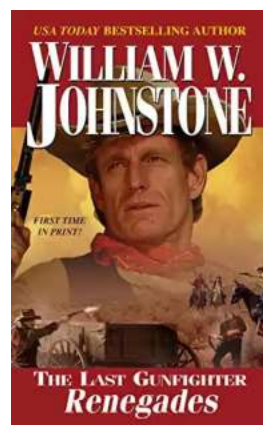

Blake Crouch's Summer Frost is part of Forward, a collection of six stories of the near and far future from out-of-this-world authors. Each piece can be read or listened to in a single thought-provoking sitting.
