What readers have said about Stephen's other Miss Fortune books:

OTHER MISS FORTUNE BOOKS (REVIEWS)

Of the many other authors who contribute to this series Stephen John is one of my favorites. He continues with the main characters and weaves a series of intrigue and chaos into his story.

I have now read a few of these stories by this author and this one I enjoyed most of all. The regular characters are back, joining a couple of newbies who prove to be interesting as well. Once again, the crime solving aspect of the story proves intriguing. It left me fulfilled and more than ready to read the next chapter in this particular writer's Miss Fortune setting. Great stuff.

Definitely a must read!

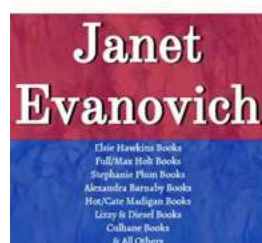

A well-structured mystery, and probably the most literary of the Kindle Worlds Miss Fortune Mysteries I've read so far.

I loved this book as much as I loved the original books by Janet DeLeon. I wish he would write more.
