From the bestselling author of the Callahan Security Series.

Meet Axel Cantor of the US Coast Guard's TEAM RECON. As in reconstructed. As in broken and needs fixing.

When a cargo ship gets stuck in the Suez Canal and an American journalist on board ends up dead, Axel is sent in to investigate. He didn't count on running into Sloan Bishop another reporter and the love of his life. Or maybe the hate of his life. Ever since he ended up in one of her articles.

Sloan is a driven reporter and will get the story at any cost. She's on board the ship to document the first-ever female pilot to navigate the canal. But it all goes sideways, literally. The female pilot is blamed but Sloan knows there's more to the story. When her best friend and fellow journalist, Eddie, is murdered, it becomes personal.

As the body count rises on the stuck cargo ship, the Sea Jewel, both Axel and Sloan will have to lower their defenses to work together to figure out what is really going on. There is something much bigger at play here, so big that Axel has to call in reinforcements – his fellow RECON teammates
